

Daytraining Contract

Your Name:

Dog's Name:

Breed, Age, and Sex:

Address:

Email:

Cell Phone:

Do you text?

Vet name/phone number:

Brand of dog food:

Feeding Guidelines:

Please provide us with one portion of your dog's kibble for use during training sessions. You may also provide treats if you like. Please alert us to any food allergies prior to the first day of training.

Use of Crate:

West Palm Dog will crate puppies and dogs younger than 12 months of age between play and training sessions to facilitate their house training and prevent household destructiveness and the ingestion of foreign objects. Puppies and dogs will not be crated for longer than 1 hour at a time. Older dogs who are house trained, no longer chewing, and who get along with other dogs are not crated.

Bedding, Toys, and Bowls:

West Palm Dog will provide these items for your dog.

Chews:

You may provide biscuits or chews for quiet time provided your dog has had them before without digestive upset and has no history of resource guarding (wanting to keep a toy or chew all to himself).

Training Skills Offered in Basic Package (14-21 Days of Daytraining):

Sit ** Down ** Stay ** Wait at Door ** Leave It ** Leash Walking without Pulling **
Come ** Go to Your Bed ** Kennel/Out

Other Features Offered Daily

Socialization with Other Dogs ** Walk Outdoors for Exercise ** Socialization to
Common Household Objects

Waivers:

Owners acknowledges that owning a dog is not without risk, including the risk of injury from dog bites or other acts of unruly behavior, including jumping, pulling, and lunging.

Owner verifies that dog is current on all vaccinations, including flea and tick control, and is heartworm negative. Owner acknowledges that parasite control is not incident free and, if desired, provides West Palm Dog LLC with an appropriate product to administer prior to return.

Owner affirms that the dog has not behaved aggressively towards other dogs, including but not limited to barking, lunging, growling, snarling, snapping, fighting, and biting.

Owner believes dog is safe to be housed in an environment with other dogs and agrees to assume responsibility for injury to her animals caused by his/her dog.

Dogs who become ill will receive veterinary care at the owner's expense. West Palm Dog LLC will contact you if your dog requires veterinary care and transport your dog to a local veterinarian and/or emergency hospital as appropriate. The veterinary invoice will be included in your final invoice.

West Palm Dog LLC will offer only safe, sound, and responsible training and care. Owner agrees, however, that dogs are unpredictable and West Palm Dog LLC will not be liable for and will be held harmless from the actions of the dog that are outside of our control.

West Palm Dog LLC will make every effort to ensure dogs under our care, custody and control do not damage property. However, owner agrees to compensate West Palm Dog LLC for property damage resulting from house soiling, chewing, separation anxiety,

thunderstorms phobia, etc. In the event of such damage occurs, West Palm Dog LLC will submit photos and two estimates for repair to owner within 48 hours of documentation of damage. West Palm Dog LLC reserves the right to use the contractor of their choice for repairs.

Owner acknowledges and understands that there are certain risks involved in dog training, management and care. Owner releases, indemnifies, and agrees to hold harmless West Palm Dog LLC from all manner of damages, claims, loss liability, cost and cause of action, including attorney's fees and related costs, arising out of or related to services provided by West Palm Dog LLC.

Owner understands that training recommendations may include a designated training collar, harness, and/or leash or other equipment to be purchased at owner's expense. West Palm Dog LLC may purchase the equipment and invoice the owner prior to the dog's return. Most training collars and harnesses cost \$15-\$35.

Documentation:

If you have a cell phone, you will receive a video or photo of your dog with a text update Monday-Friday before 5 pm. Narrated videos will take you through the steps required to get a behavior; demo videos will simply show your dog performing commands. You may also get play video showing your dog interacting with other dogs. You may enjoy practicing what you see in the videos, but you do not have to. After 6-7 board and train sessions, please select the Phone Consult option in the West Palm Dog store for 30 minutes of FaceTime to provide you with an opportunity for questions not answered during text sessions or as a result of watching the videos.

West Palm Dog will also provide you with a Daily Report that describes what your dog did on that particular day.

West Palm Dog LLC makes no guarantee that behaviors not practiced will endure. Puppies and adolescent dogs change intellectually and physically, and their training program will need adjustments in due course.

West Palm Dog LLC recommends regular follow-up lessons after your dog is returned to help maintain the standard of behavior achieved during the board and train program. Owner acknowledges that daytraining must be followed up by consistent application by the owner of the recommendations of West Palm Dog.

Our recommendations may include:

- Enrollment in a group class or participation in a dog sport
- At least 30 minutes of aerobic exercise daily
- Daily leash walking practice
- Application of a modified “nothing in life is free” program in which the dog performs obedience commands for a portion of his diet and for access to other life rewards
- Refraining from allowing the dog to practice unwanted behaviors
- Confinement to a crate or exercise pen
- Compliance with daily obedience practice.

_____ Initial Here

Payment Policy:

Please prepay your dog’s daytraining through the Store at www.palmbeachdogtraining.com/store. Partial and final payments may be invoiced through PayPal upon request.

_____ Initial Here

Dog ID Tag:

We strongly recommend that your dog be microchipped or fitted with a tag with his name and your phone number on it. Please ensure that your microchip service has your current contact information.

Final Inventory:

Please ensure that your dog’s collar is tight before he or she leaves your home. Often, collars loosen over time, and may slip over a dog’s head. We suggest you check your dog’s collar as a final safety measure before leaving home.
