This is a recurring contract for each dog boarding experience entered into through the end of calendar year 2023. For example, if an owner books a stay in July 2022, and signs this contract, it is valid for any and all subsequent visits through December 31, 2023.

Please email or text veterinary records to marti.hohmann@gmail.com or 561-906-2830. Requirements: DHP; Rabies; Bordetella (within previous 6 months); Fecal (within previous 6 months). Dogs may not attend without current vaccinations.

Use of Crate:

West Palm Dog will crate puppies and dogs younger than 12 months of age to facilitate their house training and prevent household destructiveness and the ingestion of foreign objects. Puppies and dogs will not be crated for longer than 2 hours at a time. Older dogs who are house trained, no longer chewing, and who get along with other dogs will be confined in a designated area.

Bedding, Toys, and Bowls:

West Palm Dog will provide these items for your dog. We understand you may wish to

send along special toys and other items for your dog's stay. However, for the safety of all the dogs in our care, we will not be able to accept these items.

Chews:

You may provide biscuits or chews for quiet time provided your dog has had them before without digestive upset and has no history of resource guarding (wanting to keep a toy or chew all to himself).

Spay/Neuter:

Intact dogs older than 12 months of age may be boarded with permission. Intact females in heat may not board. If your female dog comes into heat while she is here, you will have to make other arrangements for her accommodation.
